VISION & MISSION

Vision

Our vision was is and always will be to be the best in the support service industry. The goal is to always flourish as a company along with the growth of our employees and our clients

Mission

To be the primary option for our clients when it comes to support services based on quality and professionalism.

Meet Our Chairman

RAJEH AHMED AL HARBBI

Chairman message

"We believe that keeping moral, ethical, and honest standards while pursuing business goals is impossible. We sincerely think that persistence, following through on commitments, and placing the satisfaction of customers first are the cornerstones to corporate success".

SERVICES OFFERED

Al Jazeera service and
contracting co.

Mechanical construction & support services

Al Jazeera carries out electro-mechanical works and related activities in the constructions of industrial plants, district cooling plants, mechanical piping and structural industrial projects. Our talents are applicable in all areas of renovations and upgrading in the existing facilities.

Cable Structured Streamlined services

One simple cabling system also reduces power and maintenance costs, and eliminates the time and money spent on locating and rectifying any issues. A structured cabling system provides an enhanced level of flexibility – helping to improve performance and drive business growth.
